### CAREFULLY READ THESE INSTRUCTIONS BEFORE USING THIS PRODUCT

THE PRODUCT – These protective gloves are intended for use in environments where contact heat with hot surfaces is limited to 50°C, and/or where there is the risk of a superficial mechanical injury to the hand.

**No PPE item provides full protection and care must always be taken while carrying out the risk related activity.**

#### ADVISORIES FOR USE

Do not use this product in environments where there is the risk of entanglement by moving parts of machines. Due to the product's knitted construction, do not use this product where there is the risk of a stab injury.

Do not use this product in the presence of naked flames, contact heat sources in excess of 50°C, radiant heat sources, and where there is the potential for contact with hot liquids and steam.

**FITTING AND SIZING** - This product is ambidextrous and may be worn for use on either hand. The product is available in hand size 9 only, and no further adjustment is possible. Check that this hand size can accommodate the donning / doffing process satisfactorily before using the product.

**STORAGE AND OBSOLESCENCE** - When stored in dry conditions in its original packaging, the product will not suffer from any changes in physical properties for up to 5 years from date of manufacture. To avoid colour fade, keep the product away from direct sunlight.

**COMPATIBILITY** - To optimise protection, in some instances it may be necessary to use these products with suitable boots/headwear or workwear. In this case, before carrying out the risk related activity, consult your supplier to ensure that all your protective products are compatible and suitable for your application.

**IN USE** - If the product becomes worn or damaged it will **NOT** provide the declared protection, and it should be immediately replaced without further use. Do not reverse (turn inside out) the product for use as PPE. Do not use the product in any way other than as hand protection. To preserve hand hygiene,

**MAINTENANCE AND CLEANING** - The product will not require any additional maintenance during its working life. Check the product's surface for any signs of wear or damage before commencing use. The product is not a suitable candidate for laundering or dry cleaning. If the product becomes too soiled for use, then it should be replaced.
